While on the raft, you will enjoy amazing views of the high peaks of Trzy Korony and Mt. Sokolica. The surrounding forest and the energetic river guides make for a very interesting day in a pristine and wild area on the border with Slovakia. (The second part of the Pieniny Park is in Slovakia and you can try a raft ride there too).

Our trip begins at the raft wharf in Sromowce Nizne and ends 15 kilometers later in Szczawnica. It lasts two to three hours, depending on the water level in the river. The advantage of the organized tours is that the private limousine expects you in the spa resort of Szczawnica and you do not have to return to your start point on the river.
