The first stop on the way to Dunajec is in Debno, where you will visit a unique and charming wooden church that dates back to the 16th century (a UNESCO World Heritage Site).

Afterwards, you will reach the Dunajec River to enjoy rafting on traditional wooden rafts. The towering cliffs and the limestone rock formations of the gorge are enhanced by the picturesque mountain scenery, the surrounding national forest and the colourful river-guides make for a wonderful day in a pristine and wild environment. Our trip begins at the raft wharf in Sromowce Nizne and ends 15 km later in Szczawnica. It lasts two or three hours, depending on the water level of the river. While on the raft, you will enjoy excellent views of the high summits of Trzy Korony and Mt. Sokolica. It is an unforgettable experience!
