Auschwitz is a milestone in our civilization and if you visit it during your stay in Poland, it will be something you will not forget. Our private tour includes both a visit to the concentration camp of **Auschwitz I** and the gloomy stretches of the death factory of the extermination camp **Auschwitz II - Birkenau**.

It is more convenient to get to Auschwitz from Krakow, but we can organize a trip from Zakopane as well. To get to the Silesian town of Oswiecim (Auschwitz), we will provide you with a personal driver and arrange a private tour in the areas of the former Auschwitz camps.
