The major part of the Tatra Mountain range lies in Slovakia. The steep mountains are quite easy to cross through the Lysa Poland border crossing and many people are curious what they look like from the other side. The mountains are a bit different. There are several interesting Slovak mountain resorts on the way (Starý Smokovec, Vyšné Hágy, Tatranské Lomnica, Štrbské Pleso) within the impressive Tatra range. There is a wealth of cultural heritage: the awesome Spišský Hrad castle and Spišská Kapitula UNESCO-listed mediaeval town, or Levoča with its beautiful wooden altar of Master Paul of Levoča, student of Veit Stoss. Another option may be the superb thermal baths in Tatralandia, which are great attractions to people living in Poland.

We will be happy to provide you with transport to Slovakia or assistance with a short one-day trip. We will also be pleased to discuss your preferences and give you competitive price quotes.
